RE: PSCW Docket 137-CE-139: ATC's (Proposed) North Madison to Huiskamp  
Transmission Project

Judge Marion,

I am filing as a concerned citizen and requesting full party status in the above noted matter. As a ratepayer, I question many aspects, including the practicality, of American Transmission Company's proposed projects throughout Dane County.

I do not believe huge, expensive, long distance, high voltage lines, criss-crossing our county and state, are solutions to our future energy requirements. I do believe Dane County's energy future must be considered more wholly, more broadly than transmission as though it stands alone, one segment at a time. If implemented, ATC's designs will affect a lot of people, many negatively, and for a long time, therefore, I am requesting full-party status in this matter. I wish to assert my interests in this case and do not believe I will be adequately represented by any other.

Please direct all correspondence on this matter to:

Thank you for your attention to this request.

Sincerely, -

  
lisa fuelleman
